FREEDOM OF INFORMATION REQUEST 015433 - Head, Neck and renal cancer

I am researching the incidence and treatment of Head & Neck Cancer (H&N) and Renal Cancer (RCC).  
Could you please answer the following questions for patients treated by your trust?

1. Within your health trust, how many patients have been treated in the past 3 months for head and neck cancer (squamous cell carcinoma)? Of these patients, how many are locally advanced, recurrent and/or metastatic?

Total squamous cell carcinoma

Locally advanced

Recurrent and/or metastatic

2. For the metastatic head and neck cancer patients treated in the past 3 months, could you specify (if possible) how many received first-line treatment versus second-line treatment?

**Questions 1 & 2** - The Trust does not clinically code patient treatment. Patient treatment is held within individual patient health records and health records are not accessible under the Freedom of Information Act, Exemption Section 40 (personal information)

3. Within your health trust, how many patients have been treated in the past 3 months for head and neck cancer

(squamous cell carcinoma) with the following agents?

Carboplatin (monotherapy or in combination with 5-FU)
