

Freedom of Information request 016026 – Assault data

2/2/22

The data we require are as follows (for period 1st January 2021 and 31st December 2021) in an electronic format that allows us to read the data into a database. Many hospitals respond to our survey and provide data in the form we require. Preferably this format is in an excel file or comma separated text file.

Data required (for period between 1st January 2021 and 31st December 2021)

We require the gender of the patient (M or F), the date that they attended due to assault (dd/mm/yyyy) and their age. Age can either be numerical to the nearest year (preferred) or in age bands ("0-10", "11-17", "18-30", "31-50", "51+"), we can also accept date of birth.

To calculate the level of assault-related injury in England and Wales we also require the total number of attendances for any reason in the year of interest, i.e., 2021.

Please also include the names of hospitals providing assault data Russells Hall Hospital

Qtr. Of Attendance 2021	Gender		Age Range				
	Male	Female	0-10	11-17	18-30	31-50	51+
Q1 Jan - Mar	101	46	9 in total for the whole period	22	48	56	21
Q2 Apr-Jun	146	77		36	67	90	28
Q3 Jul-Sep	141	89		26	92	79	29
Q4 Oct-Dec	148	100		40	86	89	30
Total 2021 assault ED attendances	848						
Total 2021 ED Attendances	101012						

Information from Russells Hall Hospital

Total number of attendances in ED for assault in 2021 and total number of ED attendances for any reason.

Dates and ages were aggregated into quarters and age bands to prevent the identification of individual patients.
