FREEDOM OF INFORMATION REQUEST FOI/016431 - Structural maintenance issues

Please could you state the number of structural maintenance issues at hospitals in your trust that are currently outstanding as of the date of this request (29/09/22). Please state the section of the hospital the issue was recorded in (e.g. oncology, radiology) using the categorisation system in your maintenance database.

- No Structural issues have been highlighted.

Please could you provide a copy of any images held (preferably in .jpeg format) and videos (preferably in .mov format) of the outstanding maintenance issues, such as leaking walls, collapsed ceilings, or temporary structural supports holding up roofs, and the date they were taken.

- No images available as no structural issues have been highlighted, and there are no temporary structural supports being utilised.
