Dear

**Request Under Freedom of Information Act 2000**

Thank you for requesting information under the Freedom of Information Act 2000.

**Request**

Under the Freedom of Information Act 2000, I am writing to request information regarding male reproductive health services provided by your Trust. Specifically, we are seeking details on services related to andrology, sperm storage, and male fertility.

Please could you provide answers to the following questions:

1. Does your Trust operate a dedicated andrology or male fertility clinic?
2. Are there any eligibility criteria that limit male patients' access to fertility treatment?
3. Does your Trust provide NHS-funded sperm storage?
4. Does your Trust offer sperm analysis or testing services for men?
5. Are there specialist male fertility clinicians or andrologists within your fertility teams?
6. Are counselling services offered specifically for male patients regarding fertility issues?
7. If you are unable to provide any counselling services, do you proactively signpost to other peer support or community services?

**Response**

The Trust does not have a male fertility clinic.

If you are dissatisfied with our response, you have the right to appeal in line with guidance from the Information Commissioner. In the first instance you may contact the Information Governance Manager of the Trust.
